EARTH

Int. Simpsons Living Room.

MARGE: Bart, I need you to go to Professor Frink's.

BART: Why?

MARGE: He was babysitting Maggie tonight.

BART: Why didn't you have Lisa take care of her?

MARGE: She has some other engagements remember?

BART: Oh right, but do I have to? It's cold out.

HOMER: Do what your mother says boy and go get Maggie.

BART: Alright, Alright, sheez.

<GAME: Bart goes to the observatory>

FRINK: Bart! I guess you're here to pick up Maggie

BART: Yeah. That's about it.

FRINK: She sure was having fun with the Frinkomatic Play center I made for her.

BART: It better not have any radioactivity this time, mom was pretty upset the last time.

FRINK: I worked out all the <Flavin> on this one.

BART: So can you go get her? I really need to be going.

FRINK: Of course.

<FADE TO BLACK>

FRINK: You won't believe this, but Maggie's gone!

BART: Huh? Where's she gone?

FRINK: I don't know. Though, she never left the room...

BART: So what could she have done then?

FRINK: The only machine in the room is the fictional-reality relocater...

BART: Meaning...

FRINK: If she used that machine, then she would be in a video game right about now.

BART: That sounds like fun, I gotta try that sometime.

FRINK: Would if it worked two ways. Once you're in there, you gotta complete the game for real.

BART: What kind of game is it, Platformer? Shoot 'em up? Puzzle?

FRINK: Role Playing.

BART: Oh, its one of those types of games.

FRINK: I think we'd better go check it out.

<FADE TO BLACK>

FRINK: Sweet merciful glayvin. She did use the machine!

BART: So, can't you just send me in after her?

FRINK: I'm afraid not.

BART: How come.

FRINK: It needs to recharge and in order for me to send you after her, you need to be

prepared.

BART: How long will that take?

FRINK: At least a month.

BART: How am I gonna explain this to mom?

FRINK: You'll find a way. I'll start with this now; you go tell your mom.

BART: Okay, but I can probably guarantee that she'll try to call you.

<GAME: Bart goes home>

MARGE: Bart, where's Maggie.

BART: Yeah, about Maggie, there's sort of a problem there.

MARGE: What did you do Bart?

BART: Me? Nothing. It's a long story.

HOMER: Spill it boy.

BART: Well, Maggie went into this dealy that sends you into some video game.

MARGE: And you didn't go after her?

BART: No. It needs to recharge and Frink needs to make sure I'm prepared.

MARGE: So how long do we have to wait before we can go find her?

BART: A month.

MARGE: WHAT?

BART: I know. I know.

MARGE: My poor baby... she wont know what to do there...

HOMER: There, there Marge. I'm sure she's alright.

MARGE: *cries*

<TUNE: FF7 Sleep track>

NOTICE: One Month Later

HOMER: Say, isn't it about time we went to rescue Maggie?

BART: Oh yeah Home-boy, I forgot about her.

LISA: Idioto.

BART: Will you stop saying that Lis?

LISA: You can't tell me what to do Bart.

BART: Whatever, lets just go to Professor Frink's.

<GAME: Party goes to Frink's>

FRINK: Simpsons, what brings you here?

HOMER: We wanna go look for Maggie.

MARGE: I miss her so much!

FRINK: Good timing! I have just finished the final preparations.

MARGE: So we can go look for her?

FRINK: That's right.

LISA: Alright!

FRINK: There is something you must know though.

BART: What?

FRINK: The machine takes you to a world called "Gaia" it is a world where monsters run free and everyone is always fighting them to survive. So, if you're going to go there, you will need weapons of some kind. I can't provide you any and any household items and musical instruments will be useless. You'll have to go in bare fisted.

HOMER: That's not a problem for me!

BART: Me neither, I have a slingshot.

MARGE: But what about Lisa and me. We don't have anything to use.

FRINK: Fear not. I'll be able to provide you with something to use.

<FADE TO WHITE>

NOTICE: Marge has learned Cure!

FRINK: Marge, you have just learned Cure, it's a magic spell that will restore HP.

MARGE: HP?

FRINK: Health Points, its how your health is determined in the world.

HOMER: Can we get more HP?

FRINK: Yes, you level up.

LISA: Level up?

FRINK: As you fight random monsters, you gain experience, once you've reached a required amount of Experience or EXP you gain a level at that point you gain HP, MP and strength.

BART: MP, that's a new one to me, I knew of HP, but MP? What's that?

FRINK: Short for Magic Points, each Magic spell, such as Cure will use MP, once you've run out you will be unable to use Magic spells. There is a medicine that will restore MP, called Ether much like a Potion will restore HP.

MARGE: So I can use "Cure" as long as I have enough MP.

FRINK: That's correct. Cure is a white magic spell.

LISA: White Magic?

FRINK: There are two types of Magic spells, Black and White. White Magic is mostly used by White Mage's; White Magic is mostly curative spells such as Cure. Black Magic is offensive Magic that will harm enemies, mostly used by Black Mages. Speaking of Black Magic.

<FADE TO RED>

NOTICE: Lisa has learned Fire!

FRINK: Lisa, you have learned Fire, which is the most basic of Black Magic Spells.

LISA: Cool. I'm guessing Fire is an elemental spell..?

FRINK: That is correct. There are four elements in Gaia, Fire, Ice, Lightning and Water. Fire and Ice are opposed.

BART: I get Fire and Ice, but what about Lightning and Water?

FRINK: Lightning and Water are opposed, just like Fire and Ice. Red Mages can use both Black and White Magic and there are many other skills for you to learn in Gaia as you level up or meet certain requirements, I don't know what those levels and requirements are. With each magic spell, there are four levels of it, like Fire for example there's Fire, which is level one, Fira which is level two, Firaga which is level three, and Firaja which is level four, there is also said to be a fifth level called Flare.

BART: Okay, enough of magic what else do we need to know.

FRINK: Money. There is no such currency as the dollar in Gaia, their currency is Gil.

HOMER: Gil, what the hell kind of name is that?

FRINK: I'm not going to answer that, I have calculated an exchange rate between The Dollar and Gil at 10 Gil to the Dollar, if you wish to exchange with me now, you can.

<EXCHANGE>

FRINK: Superlative. Lastly, time flows differently in Gaia, during the month I spent with this thing, 7 years have passed in Gaia.

MARGE: So Maggie's 8?

FRINK: That's correct.

LISA: Then that will make it harder to find her.

FRINK: Not necessarily. In Gaia, people have pink skin. So Maggie will be the only person retaining her yellow skin.

HOMER: Alright. Let's go.

LISA: Wait Dad, I think we need to practice with these spells and equipment.

MARGE: That's a good idea Lisa.

BART: Frink can you set up a practice run.
FRINK: Sure can, I had myself prepared for this.

<A Monster comes through the wall, The Simpsons Fight it>

HOMER: That was fairly easy.

BART: Let's go.

FRINK: I'll teleport you just outside of a place called Dali, it's a small rural village. Ask around there if they've seen Maggie. You can also communicate with me there using this.

<RECIEVED COMMUNICATOR>

LISA: Thanks professor.

TIME COMPRESSED WORLD

HOMER: Where are we?

MARGE: I don't see any villages around here.

LISA: Let's split up and try to find a way out.

<PLAYER CONTROLS LISA, RANDOMLY MOVE AROUND THE FIELD, AND ONTO SEVERAL SCREENS, MAGGIE IS ON ONE OF THEM>

LISA: Hey look, is that Maggie?

BART: It certainly looks like her. But isn't she supposed to be eight?

MARGE: I don't care, I've found my baby!

<As Marge runs up to Maggie, Maggie starts to flash, the family is thrown into battle>

MARGE: !!

HOMER: We should probably ask around to see if anyone has seen Maggie. Let's split up.

LISA: Good idea dad.

<PLAYER CONTROLS LISA, GO INTO THE INN>

INNKEEPER: Yes, can I help you?

LISA: Yes, we're looking for someone, perhaps you've seen her.

INNKEEPER: I see lots of people, a description would help.

LISA: She looks a bit like me, spiky hair, yellow skin...

INNKEEPER: Hmm... Yellow skin... yeah, that rings a bell. There's a girl from Baron who comes here to trade goods.

LISA: Baron? Can we get there?

INNKEEPER: You wanna go to Baron? Do you have an airship?

LISA: An airship? What's that?

INNKEEPER: You don't know what an airship is?

LISA: No, what is it?

INNKEEPER: They're ships that fly around in the air!

LISA: Kind of like an airplane?

INNKEEPER: What's an "airplane"?

LISA: It's a vehicle which flies at high speeds to take people places.

INNKEEPER: Then an airship is one of those.

LISA: Where can we get a hold of an airship?

INNKEEPER: Sorry, the only one around here comes from Baron, and I don't think there's a delivery today.

LISA: Rats. Can we get there by foot?

INNKEEPER: Yes, but I don't recommend it, for a little girl like you.

LISA: How come?

INNKEEPER: Well first you have to go through the Ice Cavern, directly north, then you have to cross Mount Gagazet, and then you have to go through the Baron Desert.

LISA: Sounds like quite a trip.

INNKEEPER: And not one for a little girl like you. You'll be killed.

LISA: Don't worry about me; I have to get to Baron no matter what.

INNKEEPER: Very well. If you insist.

LISA: Thanks for your help all the same.

INNKEEPER: Glad I could help.

<LISA Leaves>

LISA: Guess I better go find Mom, Dad and Bart.

<LISA finds a pub>

LISA: Hmm... A bar... I'll bet dad's in here.

<LISA WALKS IN, HOMER IS AT THE BAR>

BARTENDER: Hey! No kids allowed!

LISA: But I...

BARTENDER: No buts, OUT!

HOMER: Hey moron, that's my daughter.

LISA: Dad?

HOMER: It's me sweetie.

BARTENDER: She can't come in here, we have rules. You'll both have to leave.

HOMER: Fine, I didn't like your crummy beer anyway.

<THEY LEAVE>

LISA: Only Mom and Bart to find.

<LISA finds an Item shop, Marge is inside>

LISA: Mom?

MARGE: Lisa? There you are. I was just about to come look for you. Find out where need to go to find Maggie?

LISA: Yeah, I'll explain where once we've found Bart, where is he anyway?

MARGE: I last saw him at the weapon shop.

LISA: Weapon shop; think we could pick up some weapons there?

MARGE: Think so.

LISA: Let's go.

<Weapons Shop, Bart is inside>

LISA: You're still here Bart?

BART: Yeah, I was checking out these cool swords.

LISA: We don't have time for that now, I've found out where we can find Maggie.

BART: Really? Cool.

<LISA WALKS UP TO THE SALES PERSON>

SALES: Yes?

LISA: Hi. Can we buy some weapons?

SALES: Sure.

<WEAPONS SCREEN>

SALES: Thank you! Come Again!

<HEADS BACK TO THE INN>

INNKEEPER: Welcome back, can I help you?

LISA: Yes, can we have a room?

INNKEEPER: Sure, that'll be 200 Gil.

<Hands over the cash>

INNKEEPER: Thank you, the room is right through there.

<In the room>

HOMER: So Lisa, you've found out where we need to go?

LISA: Yes, we have to go through the Ice Cavern which is directly north from here, and then we have to cross Mount Gagazet and then through the Baron Desert into a town called Baron.

BART: Sounds like quite a trek.

LISA: I've been told that it'll be rough so we better get some supplies. Remember what Professor Frink said, there are monsters everywhere, we did fight a few to get to the town remember.

MARGE: Good idea Lisa. Maybe we should get a good nights rest too.

HOMER: Good idea Marge. Let's get some shuteye.

<FF7 Sleep tune>

BART: All Set!

<GAME: ICE CAVERN, TUNE: FF9 ICE CAVERN>

LISA: So, this is the Ice Cavern...

BART: Sure is cold here.

LISA: Well duh, obviously. My fire magic will be useful here.

<GAME: NEAR THE EXIT>

BART: Is it me or is it colder than usual here...

LISA: That's true Bart....

MARGE: <FALLS UNCONCIOUS>

HOMER: Marge?

LISA: Mom?

HOMER: <PASSES OUT>

LISA: Dad? ... <PASSES OUT>

BART: Lisa? You too? <PASSES OUT>

<FADE TO BLACK, THERE IS A STRANGE TUNE>

BART: <WAKES UP> What's that noise? It sounded like it came from that way.

<BART WALKS IN THE DIRECTION OF THE SOUND>

SEALION: Why didn't you fall asleep?

BART: Are you the one creating this blizzard?

SEALION: Yes, but no one will be able to stop me.

BART: Oh yeah? Well, we'll see about that.

BOSS BATTLE:

FF9 - BOSS MUSIC

<BACK TO THE FAMILY, HOMER, MARGE AND LISA HAVE WOKEN UP>

BART: There was this blizzard that made us all pass out, then I heard this sound and I found that it was a Sealion that was creating it.

LISA: And you beat it single handily?

BART: Yup.

MARGE: Oh, my special little guy!

<LEAVES ICE CAVERN, ONTO THE WORLD MAP>

<BASE OF MOUNT GAGAZET>

<TUNE: FFX MOUNT GAGAZET>

LISA: So this is Mount Gagazet.

BART: Doesn't look any different than Mount Springfield.

LISA: Except this place doesn't have any ice.

BART: Don't know that until we reach the top.

LISA: Touché

BART: Let's get going.

<AT THE SUMMIT, Yang (from Final Fantasy IV) is there fighting a bomb>

<TUNE FF4 BOSS MUSIC>

LISA: Looks like you could use some help.

YANG: Thanks, but I don't need any.

<BOMB knocks Yang out>

BART: Let's go.

<IN BATTLE>

BOSS BATTLE

FF4 - BOSS MUSIC

BOMB

HP: 1250

MP: 90

EXP: 5000

Skills: Fire, Fira

PARTY: Homer, Marge, Bart, Lisa

BART: Lisa try your Magic.

<LISA CASTS FIRE>

LISA: It didn't work, it healed him.

YANG: That Bomb is a fire elemental creature, you have to use Blizzard!

LISA: But I don't know Blizzard yet.

YANG: Just focus!

<LISA FOCUSES>

LISA: Hold him off!

BART: You got it.

<RESUME BATTLE, ON LISA'S NEXT TURN>

LISA: I think I've got it. BLIZZARD!

<Lisa casts Blizzard, the bomb dies>

NOTICE: Lisa has learned Blizzard.

YANG: Thank you for your help.

LISA: Don't mention it, what are you doing here?

YANG: I was here on a training program with my men when that Bomb attacked us.

HOMER: But I don't see anyone else here except you.

YANG: The bomb killed all my men; anyway, I have to be getting back to the castle.

LISA: Hey wait; we're trying to get to Baron is it far from here?

YANG: It's beyond this summit and across the Baron desert. I recommend that you make a stop off at the village nearby called Costa Del Sol to rest up.

LISA: Thank you.

YANG: Don't mention it. If you need my help again in the future, I'll be at Mideel.

<GAME: Leave Mount Gagazet>

<WORLD MAP, WEST MOUNT GAGAZET, HEADING TO COSTA DEL SOL>

LISA: This looks like a Sea Resort.

BART: Let's have a little fun while we're here.

MARGE: No Bart, we came here to look for Maggie and that's what we'll do.

BART: Alright, Alright.

HOMER: Come on, let's just get some supplies, we're running low.

<GAME: Do whatever, and then leave, to go to Baron>

<GAME: WORLD MAP - ACROSS THE BARON DESERT, IN BARON, SOME GUY IS LEAVING TOWN.

LISA: Excuse me, is this Baron?

MAN: Sure is.

LISA: Thanks, so this is the right place...

HOMER: Let's go look for Maggie.

MARGE: I'll go get some more supplies, how can we run low already?

HOMER: No matter, Bart, Lisa, lets go look for Maggie.

<INSIDE MAGGIE'S HOUSE, Locke Cole from Final Fantasy VI IS THERE, the family talks to him>

LISA: Hello, I was...

LOCKE: Maggie how many times have I told you, don't bring your friends here.

LISA: Huh?

LOCKE: And shouldn't you be upstairs cleaning your room?

LISA: Uh...

LOCKE: Go.

LISA:

<THE FAMILY GOES UPSTAIRS, WHERE MAGGIE IS>

LISA: Maggie! Is that you?

MAGGIE: Huh? How do you know my name?

LISA: It's me, your sister, Lisa.

MAGGIE: I've never met you in my life.

LISA: How can you not know who I am?

HOMER: What about me?

MAGGIE: And who would you be lardass?

HOMER: Lardass!?

BART: Homer, temper.

HOMER: I'll temper you Bart! I'm your father, Homer Simpson.

MAGGIE: I don't think so lardass, my father's name is Locke Cole.

BART: Obviously this isn't getting anywhere...

MAGGIE: I think you have the wrong girl. I suggest that you leave.

BART: I don't think so Maggie. We're not going anywhere.

MAGGIE: In that case, how's about we fight.

BART: Sure. This should be fun

LISA: Bart what are you doing? She's our sister.

BART: Trust me Lis, you and Homer go find Mom, I'll hold Maggie here.

LISA: I hope you know what you're doing Bart.

MAGGIE: You gonna fight me or are you just gonna stand there and talk?
BART: Bring it on, Maggie.

BOSS BATTLE:
FF9 - YOU'RE NOT ALONE

MAGGIE SIMPSON
HP: 800
MP: 80
EXP: 0
Skills: None
PARTY: Bart

<WHEN MAGGIE IS DOWN TO 400 HP>

BART: Come on Maggie surely you can do better than that.
MAGGIE: Sure I can, you really want to see me at full?
BART: Of course.

<WHEN MAGGIE IS DOWN TO 200 HP>
<HOMER, MARGE AND LISA show up>

LISA: We're back Bart.
MAGGIE: Well, if it isn't the cavalry.

<The Battle Ends>

<TUNE FF8 - RINOA'S THEME>

MAGGIE: Hah, couldn't even fight on your own. You had to call for Lardass and Miss-Thinks-I'm-Her-Sister.
MARGE: It's true, you are.
MAGGIE: Huh?
MARGE: Surely you recognise me...
MAGGIE: Um... Wait... That blue hair... Mom?
MARGE: It's me.
MAGGIE: Then the rest of you are...
LISA: Yes Maggie, we're your family.
MAGGIE: Sorry Bart, I guess I didn't remember you guys at first.
BART: Hey don't mention it Maggie, it was fun.
MAGGIE: Sorry I called you a Lardass Dad.
HOMER: Don't mention is honey.
MARGE: Oh my sweet little baby!

<MARGE HUGS MAGGIE>

MAGGIE: Uh... Mom, can you let go of me!
MARGE: Oh. Sorry. I got caught up in the moment.
MAGGIE: No worries, anyway, what are you doing here.
LISA: We're here to bring you back to Springfield.
MAGGIE: Hmm... Well, I don't know. It's great here...
LISA: But you'll die younger! I mean, you've noticed that neither me nor Bart are any different than what you were when you were a baby.
MAGGIE: Hmm... So how does that work then?

LISA: Professor Frink told us that in this world, Gaia as its called, time flows differently, so while a month as passed in Springfield, 7 years have passed here.

MAGGIE: Hmm... I do miss Springfield as well... but, I'd actually, stay here in Gaia rather than Earth. I've got everything I need, my sword, an airship at my disposal and a guy who can bring me anything at a whim.

LISA: Maggie, you sure?

MAGGIE: Sorry Lisa, but I've made my mind up. But, I will help you guys go back home to Springfield. So, how's that done?

BART: Professor Frink said that this world is a game, and to be able to get out, we have to complete it. So Maggie have there been any strange things going on around here?

MAGGIE: Not sure, though the Red Wings have been out on missions a lot more than usual.

LISA: The Red Wings?

MAGGIE: They're a band of airships for war. Baron is the only kingdom with them. I heard that the captain has been ordered to collect the world's crystals.

LISA: Crystals?

MAGGIE: According to legend, there are four crystals that hold the power to take you to the moon.

LISA: The moon?

MAGGIE: Of course it's only legend among the mages. There have been rumours around here that the captain of the Red Wings has regrets for his doing. I think that maybe we should talk to the king.

LISA: Alright let's go talk to the king.

MARGE: But how can we see him.

BART: Yeah, we're basically nobodies.

MAGGIE: Maybe you are, but I'm not. Did anyone tell you that I'm Baron's trader?

LISA: The Innkeeper in Dali told me. It's how we found you.

MAGGIE: You travelled that far? Man you must really have wanted to find me.

LISA: So you can speak to the king?

MAGGIE: Yeah, he's the only guy who can call in the cargo ship for me to make the deliveries.

LISA: Alright, we're a little exhausted from that trek across Mount Gagazet and the Ice Cavern, could we talk to him tomorrow.

MAGGIE: Of course. You guy's will have to check into the inn down the street. I'll meet up with you there in the morning.

LISA: Alright.

<FAMILY HEADS TO THE INN>

<THE NEXT DAY>

MAGGIE: Morning.

MARGE: Mornin'..... Homer? Wake up.

HOMER: Wha?

MARGE: Maggie's here.

HOMER: Nyahhhhaar.

BART: The lady said, wake.... UP! <WHACK!>

HOMER: Why you little!

LISA: Bout time you got up. Anyway, Maggie lets go.

MAGGIE: You betcha.

<IN BARON CASTLE>

GUARD: Halt, who goes there?

MAGGIE: Maggie Cole.

GUARD: Recognised, Proceed.

<INSIDE>

LISA: Cole?

MAGGIE: Heh. I guess you're wondering about that, well I guess when I first arrived here, Locke, you know the guy you met in Baron adopted me, and I took his last name. If I had said "Simpson" he wouldn't have authorised us in. Let's not worry about that anyway, let's go.

<IN THE THRONE ROOM>

MAGGIE: Your Majesty.

KING: Well, well, well, if it isn't good ol' Maggie! Here to make another delivery.

MAGGIE: Nah, not today.

KING: So, what brings you here?

MAGGIE: Your majesty, there's been a rumour these past few days that there seems to be some corruption.

KING: Corruption?

MAGGIE: Yes, I heard that the Captain of the Red Wings has been gathering the world's crystals.

KING: Indeed he has.

MAGGIE: May I ask what for?

KING: That is none of your concern.

MAGGIE: I know but...

KING: I relieve you of your access to the cargo ship. I assign you a new duty; you must take this stone to the village of Narshe.

MAGGIE: But...

KING: Be gone!

<RECEIVED FIRE STONE>

<Outside>

MAGGIE: <SIGH>

LISA: Maggie, what's wrong?

MAGGIE: He's never been like that before.

BART: Don't worry, Maggie, maybe we'll be in his good books once we get off to Narshe.

MAGGIE: I guess you're right, but why send me...

BART: Maybe he's high or drunk.

HOMER: Or a combination of both!

MAGGIE: <SIGH> lets just go. There's a cave between Baron and Kilika not far from here. From there we can get to Narshe.

LISA: Let's make some preparations at your house Maggie.

MAGGIE: Okay.

<In Maggie's house in Baron>

LISA: So Maggie, if there are monsters around, how do you survive?

MAGGIE: Easy, this.

<Shows them her sword>

BART: Woah. That sword must be as big as you are.

MAGGIE: It is.

LISA: How can you hold that thing?

MAGGIE: I don't know. It just seems that even though it's heavy, I have the ability to hold it. I always thought that all Paladins have swords of this size.

LISA: Paladin?

MAGGIE: Oh right, I guess Frinky never told ya. Here, each person is given a job and that job determines what weapons and skills they can learn. I'm a Paladin, paladins are mostly men, but I guess I'm an exception. Lisa, you can use Black Magic right?

LISA: Yeah.

MAGGIE: Then that makes you a black mage. Black Mages can only learn Black Magic, unlike Paladins, HP doesn't increase as much nor does Physical strength. You mostly have to rely on Magic.

BART: But me and Dad don't have any magic or even know what the heck our jobs are.

MAGGIE: How can you not know?

BART: Professor Frink was sketchy on the details.

MAGGIE: Alright. I'll give you one. Bart, I think you're better off as Lancer. Lancers use spears mostly, but they have also been known to use Slingshots, and Axes. Lancers are better for attacking than defending; sadly, Lancers don't ever have any MP.

BART: I don't need any MP.

MAGGIE: Dad, you use your bare fists, so you're better off as a Monk. But monks can also use claws. Again, Monks don't have MP.

HOMER: We don't need any stinkin' MP.

MAGGIE: As a Paladin I tend to have a high physical strength and I can also use White Magic, but I don't gain as much MP as mom would as a white mage. Also, only four of us can fight at any one time.

BART: So we have to decide who will fight?

MAGGIE: Yup.

BART: So who will fight on our way to Narshe?

<BEING A TCB GAME YOU MUST HAVE MAGGIE - PARTY SELECT>

MAGGIE: Alright, let's go.

<In the Cave of Kilika>

MAGGIE: This is the Cave of Kilika, Kilika is known as the 'Fire Town', beyond here is Kilika itself. Lisa, Blizzard will help out a lot here.

LISA: You got it.

<NEAR THE EXIT>

MARGE: What is that noise?

MAGGIE: LOOK OUT! SOMETHING IS COMING THROUGH THE WALL!

BOSS BATTLE

FF6 - THE DECISIVE BATTLE

TUNNEL ARMOUR

HP: 2500

MP: 60

EXP: 6000

Skills: Fire, Fira

PARTY: Your selected Party

MAGGIE: Uh-oh. Tunnel Armour!

HOMER: What about it?

MAGGIE: The rumours were true.

BART: What rumours

MAGGIE: I heard that there was a metal monster around here; it's able to absorb any black magic spell.

LISA: And you think this is it?

MAGGIE: Yes. Lisa, whatever you do, don't use your Magic.

MAGGIE: Whew, we beat it.

BART: I guess many other people have tried.

MAGGIE: Yeah, it doesn't show up often, but when it does, people never take it seriously.

BART: Well, we sure showed him!

MAGGIE: Enough gloating, lets just go.

<IN NARSHE, RED OVERLAY>

MAGGIE: What the?! What's happening to the town?

LISA: Looks like its on fire!

MAGGIE: So this is what the king wanted me to do? Set the whole town fire? Why that double crossing....

MARGE: Maggie don't say it.

MAGGIE: I almost did. Let's just get everyone out of here,

BART: Lisa, quickly cast Blizzard all over the place, put the fires out. Dad, Mom, Maggie and Me will go get everyone out.

<PLAYER CONTROLS MAGGIE, INSIDE ONE OF THE HOUSES, TERRA FROM FINAL FANTASY VI IS there.>

MAGGIE: Ohmygosh! Terra!

TERRA: Maggie, is that you?

MAGGIE: Terra, we gotta get out of here, this place could collapse at any minute.

TERRA: No, you go without me. I'm too weak to do anything.

MAGGIE: I'm not leaving you here.

<Maggie grabs Terra>

MAGGIE: C'mon.

<OUTSIDE>

TERRA: Maggie.... Thank you.

LISA: MAGGIE! WE NEED YOU!

MAGGIE: Uh-oh. I'll catch you later Terra, it looks like I'm needed.

<MAGGIE FINDS LISA>

MAGGIE: Lis, what's wrong?

LISA: There is someone trapped in this house. Mom, Dad and Bart have already gone in to find them.

MAGGIE: What are we waiting for lets go.
LISA: I can't; I have to stay out here to keep the fire under control.
MAGGIE: Alright, I'll go in alone.

<MAGGIE MANAGES TO FIND HOMER, MARGE AND BART>

MARGE: Maggie! What are you doing here?
MAGGIE: Lisa said that there was someone trapped in here.
IFRIT: Leave now, this place is about to collapse.
MAGGIE: No. Not until we rescue everyone.
IFRIT: Very Well, the roof can only last 10 minutes, think you can beat me in that length of time?

<Loud noise>

BART: Uh, mom. The exit is sealed off.
HOMER: So how are gonna get out of here.

BART: But where do we go?

<TERRA shows up>

TERRA: I saw what happened, there's a hospital east of here in the town of Mideel.
MARGE: Thank you, we'll head straight there.
TERRA: Here, take this with you.

<RECEIVED Iron Helm>

HOMER: Thanks. You couldn't do us a favour and call the hospital ahead could you?
TERRA: Sure.
HOMER: Thanks.

<THE FAMILY TAKES MAGGIE TO THE HOSPITAL IN MIDEEL>

DOCTOR: You must be the Simpsons, we heard what happened in Narshe, please, come this way.
MARGE: Thank you.

<FADE TO BLACK>

DOCTOR: After several tests, we have come to the conclusion that your daughter has been exposed to high levels of Mako.
MARGE: What's that?
DOCTOR: Mako is a substance that makes people forget in certain areas of their life, and adapt to new artificial memories.
BART: So this would explain why she forgot about us until she met mom?
LISA: And made her decide that she'd rather stay here?

DOCTOR: Yes. It also gives them a slightly more improved strength. There is a cure, but we don't have access to it because it is in Baron. Even then, only the king of Baron has access to it.

LISA: We'll do whatever it takes.

DOCTOR: Okay, the cure is called "The Sand Ruby", I shouldn't call it a cure per se it's more of a remedy, it'll remove some of the Mako, but not all of it. It'll at least bring her out of the coma.

HOMER: Alright, we'll go to Baron and get it.

DOCTOR: She's stable, but don't worry, we'll keep an eye on her.

MARGE: I think I'll stay here, look after her.

HOMER: Sure honey, we'll go back to Baron and see if we can get this thing.

<BACK TO BARON, IN MAGGIE'S HOUSE>

<TALK TO LOCKE>

LISA: Sir..

LOCKE: Maggie where have you been...

LISA: But sir, I'm not Maggie.

LOCKE: You're not? Then who are you.

LISA: My name is Lisa.

LOCKE: And these are?

BART: Well, I'm Bart Simpson and who the hell are you.

LOCKE: My name is Locke Cole, I'm Maggie's father.

HOMER: Wrong pal. I am. The name is Simpson, Homer Simpson.

LOCKE: If you're her biological father, then how come I found her out in the fields by herself when she was a baby? I should kick your ass right now.

LISA: I think we'd better explain it to you sir. Bart, you know the full story.

BART: Right, We're from a town called Springfield on a planet called Earth. A month ago, a scientist named Professor Frink was Babysitting Maggie, and she crawled into some machine that sends you into a video game. We had to wait a month before we could come find her, as soon as we could, we came here searching for Maggie and we're now trying to go home.

LOCKE: A month? But Maggie's 8.

LISA: We know. Time flows differently between Earth and Gaia. So in the month we had to wait to come rescue Maggie, seven years had passed here and because of the time flowing differently, Maggie aged with it.

LOCKE: So you want to take her back to your world.

LISA: Yeah.

LOCKE: Reminds me of the world of Espers. Well, I guess I can't stop you, since she's your kid. But where is she anyway?

HOMER: That's why we're here. She's in a coma.

LOCKE: What? Where is she?

LISA: Mideel. Mom's there with her in the hospital, we're here to get the "Sand Ruby"

LOCKE: Hmmm... It won't be easy to get one of those. Only the King has a stock of them. If you're going to get one, I'll come along.

<IN THE CASTLE>

GUARDS: Oh its, you. Proceed.

<THRONE ROOM>

KING: Locke, what brings you here?

LOCKE: Your majesty, we couldn't possibly have a Sand Ruby?

KING: What for?

LOCKE: It's a personal matter. Someone we know is in a coma.

KING: I'm sorry, but I can not grant this request.

LOCKE: Huh? Why not?

KING: Because I'm not the king. <Sinister Music> I am really, Scarmiglione, the Lord of Earthquakes.

LISA: We can't really think about that now. We have to find a sand ruby and cure Maggie.

LOCKE: You're right. Let's look around.

<In the store room, Cid the airship engineer is there>

LOCKE: Cid, what are you doing here?

CID: Locke! I could ask you the same question.

LOCKE: Listen, I don't have time to answer questions, Maggie is in a coma. I need your help.

CID: How could you let that happen to her?

LOCKE: I wasn't there.

CID: She was off on her own again?

LOCKE: No, not this time. Cid, I'd like to introduce you to Homer, Bart and Lisa Simpson.

HOMER: Hey, how's it goin'?

BART: Yo.

LISA: Hi.

CID: Nice to meet you. But Locke, who are these people?

LOCKE: Well. They're Maggie's family...

CID: But isn't she your kid?

LOCKE: Nah, Homer here is her real father.

CID: What? You left your baby girl out in the fields like that, what kind of father are you?

HOMER: It wasn't exactly my doing.

LISA: He's right, if someone's to blame for Maggie ending up here, it would be Maggie.

CID: In other words, Maggie came here on her own?

BART: That's about it.

LOCKE: Anyway, enough talk, Cid, we need to find one of the kings Sand Ruby's. You know where they're kept?

CID: Sorry, but I don't. Cyan's around, I think he knows, he's always had a strong relationship with the king.

LOCKE: Of course.

<In Cyan's Room>

LOCKE: Cyan. Good thing we found you.

CYAN: Hey, well, if it isn't Sir. Locke.

LOCKE: Can the Sir Crap. You haven't called me that in years.

CYAN: Heh. Heh.

LOCKE: Cyan, I need a favour. You knew the king pretty well; know where he kept the Sand Rubies?

CYAN: Hmm... I do. But why do you need one of those anyway?

LOCKE: Maggie is in a coma.

HOMER: Does everyone here know her name or something?

CYAN: Who's he?

HOMER: My name is Homer J. Simpson.

CYAN: Nice to meet you. So how do YOU know Maggie?

HOMER: I'm her father thank you very much.

CYAN: Oh really? How come she was in the fields?

LISA: De Javu.

CYAN: Already had a conversation lie that huh?

LOCKE: That's about it. Anyway, the Sand Rubies?

CYAN: Oh right, Sorry. I think there's one lying around in the Antlion's Den.

LOCKE: Can we go down there?

CYAN: At the moment, no. It's locked up. Give me a few hours, and I'll open it. Meet me outside the inn tomorrow morning.

LOCKE: Gotcha.

CYAN: Why don't you go check in there now? It's kinda late.

LOCKE: Good idea. Come on guys.

<CHECKS INTO THE INN IN BARON, IN THE MORNING>

CYAN: Locke, I've opened the door to the Antlion's Den, it's next to the kings throne.

LOCKE: Thanks Cyan, catch ya later.

<ANTLIONS DEN, CENTER>

MAGGIE: Dad, listen...
LOCKE: Hehe, I was just messing with ya. There's no need to call me that anymore.
MAGGIE: Eh?
LOCKE: I know the full story.
MAGGIE: You do?
LOCKE: Yeah, Homer and Lisa told me it all.
LISA: Yeah, he helped us get the Sand Ruby.
MAGGIE: He did? Well, thanks guys. So why am I here anyway, I remember that girl challenging me in Narshe then she used some earthquake attack, and I don't remember anything after that.
MARGE: Well, you were put into a coma and then a green haired woman in Narshe told us to bring you here.
LOCKE: Green Haired Woman? Terra?
MAGGIE: I do remember seeing her in Narshe.
LOCKE: Out of Moblitz then I guess. I'll go see her at some point.
MAGGIE: You do that. Anyway, what do we do now?
LOCKE: Well, since that the king of Baron was an imposter, I think that you'd better check on the other kingdoms' crystals. I heard that the Captain of The Red Wings has been relieved of duty and his best friend took his place.
BART: You know where they're headed?
LOCKE: Last I heard, Nibelhiem.
MAGGIE: Nibelhiem? That's pretty far from here?
LOCKE: Well, you're better off resting up and going in the morning.
BART: Wait a sec man; what I'd like to know is why Maggie had that much Mako in her in the first place?
MAGGIE: Mako?
LOCKE: Oh that. Well, when I found Maggie in the fields 7 years ago, I wanted someone to fight with me, so I had Mako injected into her to make her stronger, plus it was the thing back then to have your kids injected with Mako.
MARGE: Well, the doctors say that it was what caused her to go into a coma.
LOCKE: I'm sorry about that...
BART: You do realise that Maggie did shoot the richest man in Springfield 7 years ago?
MAGGIE: I shot Mr. Burns?
BART: Yeah, technically, it's only a month ago, but still, you did it.
MAGGIE: Hehe. Seeing him cower like a little baby sure will be fun.
HOMER: Does that mean that you'll return to Springfield.
MAGGIE: Yeah. I'll go home. I guess this isn't really where I belong anymore.
MARGE: So how do we get to Nibelhiem?
LOCKE: You have to go behind the Fire Cavern just beyond Narshe. You have to go through the town to get there. But the entrance is sealed off.
BART: Know of a way we can get passed?

LOCKE: Sorry, but I don't. Maybe ask around. Before you go though Maggie, how's about one fight, just for old times sake?

BART: Maggie, you and Locke used to fight each other?

MAGGIE: Thanks Terra. Come on Lisa.

LISA is also wearing a black dress, and has pink heels and pink lipstick.

They're both still wearing their pearls.

TERRA: You both look cute like that.

MAGGIE:Uh, I think we'd better go now. Thanks Terra.

TERRA: Don't mention it.

===BACK AT THE BAR===

BARTENDER: Back already, well. I guess the way you look now is convincing enough. Go out back and make sure that there's enough drinks to last the day

MAGGIE: Yes sir.

===OUT BACK===

LISA: Maggie, you sure that this is a good idea?

MAGGIE: Nope. But this is the only way we can get anything. Okay, while I keep these guys busy, you look around and call if you need my help.

LISA: Alright.

<PLAY WITH MAGGIE, CHECKS THE DRINKS AREA, Go back out front>

MAGGIE: Sir, I can report that I estimate that there will enough stock for today.
BARTENDER: Good, now start serving, that yellow lardass that walked in ordered a beer and some nuts.
MAGGIE: (Yellow Lardass? Dad?)
BARTENDER: What's wrong?
MAGGIE: Nothing.
BARTENDER: Then hurry it up. We can't keep customers waiting.
MAGGIE: Sorry sir.

===MAGGIE WALKS OVER TO HOMER, MARGE AND BART===

MAGGIE: Here's your beer and nuts.
MARGE: Maggie? Why are you wearing that stupid dress?
MAGGIE: Mom. Shhh. Me and Lisa are in disguise.
HOMER: What the hell for?
MAGGIE: Well, the boss of this place apparently has the key to the Fire Cavern.
BARTENDER: HEY, NEW GIRL! We don't pay you to talk to the customers.
MAGGIE: Sorry, Sir! Listen, Mom, Dad, let me and Lisa handle this. You guys just stay here.

===WALKS BACK TO THE BAR===

BARTENDER: What the hell were you doing?
MAGGIE: Just trying to welcome the customers.
BARTENDER: We don't pay you talk t the customers...
MAGGIE: Sorry sir, it won't happen again.
BARTENDER: See that it doesn't. As punishment clean up out back...
MAGGIE: (Be out back for a while, sweet) Yes sir..

===OUT BACK===

MAGGIE: Lis, Lis, you around?
LISA: Yeah. I think I found where the boss might be.
MAGGIE: Where?
LISA: Downstairs, it's like a training ground though. Monsters everywhere.
MAGGIE: Nothing we can't handle.
LISA: Should we change?
MAGGIE: Nah, not yet. We don't know who's down there.
LISA: You expect me to fight in high heels? I can just about walk!
MAGGIE: I don't see what you're complaining about; you can just use your magic. I gotta hold a sword and attack close range!

LISA: I wouldn't be surprised. Anyway, we're ready so let's go.

BART: You ready? Let's hear this info already.

LISA: Okay, here's what we found out.

MAGGIE: While we were down there we found out that some guy named Sephiroth is collecting the crystals to open a portal to a world where time flows differently, to cause some major havoc to it.

MARGE: Time flows differently? Could that be Earth by any chance?

MAGGIE: We're not sure. The only way we can find out is by going to Nibelheim and finding out.

MAGGIE: Not so fast Sephiroth.
SEPHIROTH: And who might these people be...
MAGGIE: We're the Simpsons, and don't you forget it. What do you want with those Crystals?
SEPHIROTH: These Crystals are just like the Black Materia, they hold the power to use powerful magic, and in this case, collecting all four will allow me to travel to another world. One in which time travels differently...
CLOUD: Another World?
MAGGIE: And that world would happen to be called...?
SEPHIROTH: That worlds name is..... Earth.
SIMPSONS: WHAT?!
SEPHIROTH: I guess you've heard of it then.
MAGGIE: Damn right we have. What do you plan to do there?
SEPHIROTH: I plan on releasing Jenova Cells into the water supply to unleash the Geostigma disease.
MAGGIE: That's it?
CLOUD: Uh, that's bad.
MAGGIE: It is?
SEPHIROTH: I have two of the crystals; I am going to go to Figaro, on the Southern Continent. For the next one.
BART: No way man. We're gonna beat you here and now.
SEPHIROTH: Oh really? You saw what happened just now to Cloud, I don't think that's wise.

BART: Damn.

<FADE TO WHITE>

<FADE IN, SEPHIROTH IS GONE>

BART: It kills me to let a jackass like him go.
MARGE: Bart! Watch your language! <Whack!>

LISA: We have to catch up to him.

CLOUD: That's impossible, he's headed to the Southern Continent, there aren't any boats that go that way.

HOMER: Can't we swim?

CLOUD: Against that current? I don't think so. There's only one way to get there.

MAGGIE: By airship.

CLOUD: Right. How'd you know about that?

MAGGIE: I used to be Baron's Trader. I've travelled quite a bit in my day.

CLOUD: I see. Thanks for trying to help anyways. How come you're concerned about this Geostigma thing anyway?

LISA: Earth is our home.

MAGGIE: And if he's going to try and poison it, then we have to stop him.

CLOUD: Oh. Well good luck with that.

MAGGIE: We're going to need an airship, so we're going to have gone to Baron.

HOMER: Oh, but I don't wanna walk all the way back there.

MAGGIE: Maybe we can have the airship come to us. I'm sure that Terra can help us, let's go back to Narshe.

==BACK TO NARSHE==

TERRA: Phone? What's the point of that? Heh. You know I'm half esper, why don't I just fly there.

MAGGIE: I knew that you were half esper, but I didn't know that you could fly too.

TERRA: You didn't?

MAGGIE: Nope. So you can fly to Baron?

TERRA: Sure can. You guys wait here.

MAGGIE: Terra thanks.

==TERRA FLIES TO BARON==

LOCKE: WOAH! Terra, you gotta stop doing that.

TERRA: But it's fun. Hehe.

LOCKE: Good to see you again anyways.

TERRA: Same here. I got a favour to ask you.

LOCKE: Yeah, what is it?

TERRA: Maggie needs an airship.

LOCKE: What for?

TERRA: Not sure, she didn't say. But I'll bet it's important to her.

LOCKE: That's true, she never asks for stuff this big unless it's important. I guess we should ask Cid, he's the guy that does the airship modelling around here.

==inside the castle with Cid, Locke and Terra==

LOCKE: Hey Cid, we need a favour.

CID: Antlion's Den.

LOCKE: Huh?

CID: You not after the Sand Ruby?

LOCKE: Nah, we cured Maggie ages ago.

TERRA: We're after an airship this time.

CID: An airship? Maggie doing trading again?

LOCKE: We don't know. But whatever she needs it for is obviously important to her.
CID: Alright, I'll lend her the Highwind. <PRESSES A BUTTON> God Bless Auto Pilot. It's out of the hold now, and waiting for you outside of the castle.
LOCKE: That was fast.
CID: It's a fast ship.

===NARSHE===

TERRA: Well Maggie we got you your airship. It's the Highwind, just outside of town.
MAGGIE: Thanks. Um.... how do we pilot the thing?
TERRA: Good thing you asked. You use the directional buttons to move in that direction. To board and disembark, you press the enter key. You can't land on water or mountains, only on flat land.
MAGGIE: Gotcha.
BART: Let's go already.

=BOARD HIGHWIND, FLY TO SOUTH FIGARO=

MAGGIE: South Figaro... to the back is Mount Kolts and beyond that is the Figaro Castle. We'll need to speak to the King to defend the Crystal.
LISA: Maggie, while on the airship, I was thinking. Why don't we let Sephiroth gather all the crystals?
MAGGIE: Huh? What you getting at Lisa.
LISA: I mean, if we just follow him, surely he will be able to open the portal to Earth and we can just beat him there.
BART: She's got you there.
MAGGIE: Well, we don't know far ahead of us he could be. So by the time we get back to Earth, he'd have release Geostigma.
LISA: Then let's just keep up with him.

===FIGARO CASTLE===

GUARD: Who are you?
MAGGIE: My name is Maggie Simpson; we bring urgent news to the king.
GUARD: Simpson? Never heard that name before.
MAGGIE: Sorry, I meant Cole. I was injected with Mako and such you know how that goes.
GUARD: Cole? Locke's kid? Proceed.

==THRONE ROOM==

MAGGIE: Your Majesty.
EDGAR: Maggie, you don't need to be formal here. You're Locke's kid, we're here to help.
MAGGIE: Well, first, I'd like to say that I'm not actually Locke's daughter. Allow me to

introduce my real family, Homer, Marge, Bart and Lisa Simpson.

EDGAR: Pleased to meet you. Well, Simpsons, what brings you here?

MAGGIE: Edgar, we have a problem, a man named Sephiroth is collecting the crystals to open a portal to a world called Earth. Earth is our home, and we must stop him at any cost.

LISA: Actually, your majesty. We have a different plan. Maggie, excuse me, but I think my way is more effective.

MAGGIE: Lisa?

LISA: Maggie, trust me on this.

BART: Yeah Maggie, Lisa knows what she's doing.

MAGGIE: Alright...

LISA: I think that we should just fake this thing, and just let Sephiroth have the four crystals.

EDGAR: Are you nuts?

LISA: Hear me out. Once he has the four Crystals, he will open the portal to Earth and we will follow him. I'm sure that the town he will select to unleash Geostigma will be Springfield, North Tacoma, USA. Nearly anything happens there. We will then encounter Sephiroth there in Springfield. We need to convince Sephiroth that we're actually resisting and trying to prevent him from getting the crystals.

EDGAR: Actually, that sounds like a good plan. Maggie, I suggest that you go with it.

MAGGIE: <sigh> alright.

==SEPHIROTH SHOWS UP==

SEPHIROTH: Well, well, well...

MAGGIE: Look what the cat dragged in...

SEPHIROTH: I think that I'll be taking that crystal now...

LISA: I don't think so...

SEPHIROTH: Upp... Upp... Upp... Remember what happened to Cloud in Nibelheim...

LISA: Ap-Cray. Do it Edgar...

EDGAR:

<HANDED CRYTAL TO SEPHIROTH>

SEPHIROTH: And now, for the last crystal in Deling.

<FADE TO WHITE>

LISA: We gotta go after him...

MAGGIE: If we're just gonna give it to him, why are even bothering to follow him?

BART: You idiot! We gotta follow him to find where he places the portal...

EDGAR: Best of luck.

===FLY TO DELING===

MAGGIE: Deling City, once the heart of a large Galbadian Army, now just a small bunch of shops and a Presidential Place.

MARGE: Maggie, you are you talking to?

MAGGIE: You guys. You've never been to these places, just giving you the downlow.

BART: There was a huge army here? When?

==SQUALL APPEARS==

SQUALL: Maybe I can answer that. It was about 5 years ago when I was sent on a mission here to assassinate the new sorceress of Galbadia, Edea. Me and my team, failed. However, we were unaware that it would lead us to an even more sinister plot where we actually had

to travel through time to defeat a Sorceress from the Future, Ultimacia.

MAGGIE: And who are you?

SQUALL: My name is Squall Leonheart. Back then, I was the leader of SeeD. Now, I'm just a tour guide in Deling City.

BART: Tour guide huh. Maybe you could tell us how to get to the Presidential Palace.

SQUALL: Sure. [INSERT GAME INTRUCTIONS HERE].

==PRESIDENTIAL PALACE==

GUARD: Do you have an appointment?

MAGGIE: No, but this is an emergency.

GUARD: I can't let you in directly at the moment. But I can try to see if I get you a pass.

MAGGIE: Thank you.

GUARD: So what's the problem?

LISA: A man named Sephiroth is coming to Deling to steal the Crystal.

GUARD: Oh my. That's serious. I'll take care of this myself. Follow me.

==IN MAIN ROOM==

GUARD: Miss. Lenna, these people here have a VERY important message to tell you.

LENNA: Yes?

MAGGIE: I hate to bring bad news, but a man named Sephiroth is coming to Deling to steal the Crystal here.

LENNA: That's impossible.

MAGGIE: How so?

LENNA: Deling's Crystal is stored in a deep underground chamber, only I have access to it.

MAGGIE: I think you're making a mistake, this guy is super strong, and we can't compete with him.

LENNA: Maybe so. But that armour surrounding that door, in the sewers is strong that nothing can penetrate it.

==SEPHIROTH SHOWS UP===

SEPHIROTH: Nothing, that is, except my sword.

LENNA: You wouldn't dare?

SEPHIROTH: Oh wouldn't I? Now that know its location, I can finally accomplish my goal...

<FADE TO WHITE>

MAGGIE: DAMN IT! He's really going.

LENNA: You have to go defend that crystal.

LISA: No.

LENNA: What? You're in league with him?!

LISA: Hear me out. He's planning on using those four crystals to go to a place called Earth. That's our home. If we let him get all four, crystals that means we can go home.

LENNA: I see where you're going with this. Alright, I suppose I'd better let you go, after all, I know what it's like to miss your home.

LISA: Thanks. Say, if he has all four by now, I think we'd better check in with Professor Frink.

MAGGIE: You can do that from Gaia?

LISA: Only from Dali though.

HOMER: Let's go already. I'm tired of this place. And we're nearly home, I miss my Duff.

==FLY TO DALI, inside the INN==

INNKEEPER: Long time no see.
LISA: Hey. Can we use the room again?
INNKEEPER: That'll be 200 Gil. <Hands the money>
LISA: Thanks.

===INSIDE===

MAGGIE: How are we gonna communicate to Professor Frink from here?
LISA: Which this.

<Shows communicator>

MAGGIE: Is that a phone?
LISA: More of an Interplanetary Communication device really according to him. Hm... Let's see.
HOMER: Let me try something on him Lisa.

<Rings>

FRINK: Lab.
HOMER: Greetings Friend, do you wish to be as happy as me...
FRINK: Nice try Homer, you've already done that Telemarketing Scam before.
HOMER: D'oh!
LISA: Professor Frink, I guess that you've already gathered who this is.
FRINK: <Glayvin> Yeah, how's things in Gaia.
LISA: We're nearly able to return home.
FRINK: Glayvin! You are?
MAGGIE: Yeah. We just have to find some guy named Sephiroth and go through a portal he activates...
FRINK: Who is this?
MAGGIE: This is Maggie.
FRINK: Maggie?!
MAGGIE: That's right...
FRINK: I just never expected you to be with them...
LISA: Professor Frink, listen to me. You gotta make sure that everyone in town does not drink any water.
FRINK: How come?
LISA: Sephiroth is planning to release a disease called Geostigma into it.
FRINK: You leave that to me. You go find whatshisname.
BART: No Problemo Doc.

<Hangs up>

MAGGIE: But where do we start looking?
LISA: Don't know.
BART: Say lets ask that spiky haired dude in Nibelhiem. He seemed to know Sephiroth.
MAGGIE: Good idea Bart.

===FLY TO NIBELHIEM===

CLOUD: Well, hello again.
MAGGIE: Hey. Since you seem know Sephiroth best, now that he has all four crystals, where do you think he would go to active the portal.
CLOUD: You let him get hold of the crystals?
LISA: We have a plan.

CLOUD: Well, he's going to need a place that is deserted, and a place that has had a lot of Magic related equipment. So I'd think that he'd be in the Magitek Factory on the Southern Continent.

MAGGIE: The Magitek Factory... I remember Locke telling me about that place. Regardless we need to go.

CLOUD: Hold your horses, he may also be headed to the Tower of Babil, that place has been deserted as well; I think the two are connected.

MAGGIE: Hmm... That complicates things.

MARGE: We'd better split up.

LISA: Good idea. Mom, Dad, you take the Magitek Factory, while me, Bart and Lisa take the tower. And when we get back home to Springfield, meet up at home.

HOMER: Sounds good to me. Lets get going.

==FLY TO THE MAGITEK FACTORY==

MAGGIE: Mom, Dad, there should be a room in there containing lots of broken glass tubes, I remember Locke telling me about it that that's where he and Edgar managed to gather lots of Magicite. When you reach the back, use this to let us know using this.

<HANDS OVER MAGGIE'S WALKIE TALKIE>

HOMER: Alright, we'll take care of this place, you kids head to the Tower.

MARGE: Be careful!

==FLY TO THE TOWER==

MAGGIE: Let's get this show on the road.

BART: Alright!

<The party heads towards the top and they find a control panel, the screen rumbles>

LISA: Uh-oh. Looks like we have company.

BARBARICCIA: I am Barbariccia, the elemental goddess of wind, are you the two girls that defeated Rubicante?

MAGGIE: That's Lisa and Maggie Simpson to you, and don't you forget it.
